ABOUT MAZDA COMPUTING

We design, build and service custom Intel and AMD Servers, Workstations, Storage, Clusters, and High Performance Computing (HPC) Solutions. As a System Integrator, we work diligently with our customers to build solutions that meet their unique requirements and provide support from start to finish.

In 2018, we celebrated our 11 Year Anniversary as an Intel Channel Platinum Partner and 3rd Year as an Intel HPC Specialist, this exemplifies our commitment to excellence.

"Making our customers successful and valued is our passion." CEO – Stacey Nixon

CORE COMPETENCIES

- Windows Servers
- Linux Servers
- High Performance Computing (HPC)
- GPU Servers
- Storage (NAS/SAN/All Flash/Hyperconverged)
- Object Storage
- Workstations
- Networking
- Cloud Services
- Network Racks and Server Cabinets
